

### Silicon Laundry Tag UHF : Size 80x50 mm.

### Product Application

This tag is designed for product tracking customized products. It is composed of silicone material, and a small chip inside. It is good for fixed on curved object with hole or adhesive. Save the manpower cost, easy product tracking, quality management, import and material control, make the enterprise production and process management optimization.

### Product Introduction

- Material : Silicone
- Dimension : 80x50x2.2 mm
- Weight : 10.6 g
- Color : Gray, white, blue or customization
- Production process : Molding with chip
- Surface process : printing, laser, UID, adhesive, hole
- Package : 50pcs/opp; 2000pcs/cn

### Product Features

- Working frequency : 840~960MHZ
- Standard agreement : ISO 18000-6C,EPC Class1 Gen 2
- Reading distance : 2m/9620; 4m/9662 (fixed reader)
- Chip : Alien H3
- Working life : Reusing
- Working temperature : -20° ~+100° (100° /30minutes)
